

# volunteer

do good, feel good

**Volunteers** are such a vital part of any non-profit organization, including **Perry Hall Middle School PTSA!** We also know that free time is a commodity nobody has a lot of. The good news is that there are many ways one can help, which **allows families with all different obligations to help in ways that work best for you.** Whether you have a little time or a lot, there is something available for everyone. As we are already a LARGE school and growing, **we need your help** to continue to do great things for our children. Please take a look at the opportunities below and let us know where you may be able to be of help. Everyone who responds is not automatically obligated. As PTSA volunteer needs arise, committee chairs will e-mail asking if you are available to help for their specific need.

Thank You

- Ongoing in-school volunteer needs such as Print Shop
- Things I can do at home on my schedule to help the PTSA
- Committees that require occasional food or small monetary donations
- Seasonal activity that may need some help during the school day
- A one time evening event
- Community outreach activities
- I have no idea. Please add me to your list of on-call volunteers. I'll help when I can, however I can.
